📝Memo

• For information on how to return used image drum cartridges, see "Collection of Used Consumables" in the section of customer support / maintenance product warranty / product warranty. If you choose not to return your used image drum cartridges, place them in a plastic bag and dispose of them according to local regulations.

| ⚠Warning	Never put a used image drum or toner cartridge into a fire. The toner inside could explode and cause burns.

Prepare a new image drum cartridge.

(! Note)

• Do not tilt the image drum. The toner might spill.
• The image drum (the green tube) is fragile; handle it carefully.
• Do not expose the image drum cartridge to direct sunlight or strong light (more than about 1,500 lux). Do not expose them to room lighting for more than 5 minutes.
(1) Place the image drum cartridge on top of a newspaper.
(2) Peel off the tape that secures the protective sheet, and carefully remove it in the direction of arrow.

(3) Remove the desiccant (drying agent).

Drying agent
Install the old toner cartridge

Align the hole in the left end of the toner cartridge with the post in the image drum. Press the right side of the toner cartridge securely into place.
Rotate the blue lever on the toner cartridge in the direction of the arrow until it stops.
Install the image drum cartridge.
(1) Make sure that the label color of the image drum cartridge matches the label color in the machine.
(2) Gently install the image drum cartridge.
